

World Sepsis Day: 13 September 2016

Thanks to the efforts of our supporters' ongoing commitment to organizing sepsis events on World Sepsis Day and a dedicated team, first crucial milestones in recognizing sepsis as a global burden have been achieved.

Different countries and regions contributed according to their local healthcare systems and economic means. We are proud to look back at such a successful World Sepsis Day 2016.

One day – an all year effort:
In 2017 we want to pursue our goal of raising global awareness as well as increasing knowledge about sepsis to save lives.

Join our fight against sepsis. **Sign the World Sepsis Declaration.** Because low sepsis awareness is paid for with a high price: **loss of life and reduced quality of life.**

www.world-sepsis-day.org/sign

GLOBAL EVENTS

1st World Sepsis Congress
Innovative online only congress with 75 experts from all over the world
15,000 people registered to participate, and all presentations are available on YouTube and iTunes

Global Sepsis Alliance
Awarding healthcare authorities, sepsis initiatives, and individuals with the 2016 **Global Sepsis Awards**

Centers for Disease Control and Prevention
Launch of "Sepsis Vital Signs Report", a global awareness campaign focused on sepsis
